

## Tech-Driven Risk Prevention for the Automotive Services Industry

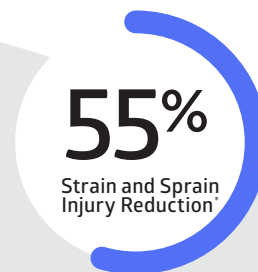

## Proven Loss-Reduction Technology

World-class wearable tech helps protect workers in environments where high strain and sprain injury rates are present, like in the automotive services industry. The Kinetic Reflex wearable platform detects high risk behaviors and provides data-driven insights to prevent strain & sprain injuries and claims before they happen.

## Strain & Sprain Claims are Leading Loss Drivers

Among automotive industry workers, strain and sprain claims represent 49% of all indemnity, or lost time, claims. Indemnity claims are also the most expensive, with a much higher than average claim cost.
