

Tech-Driven Risk Prevention for Wholesale and Warehouse

Proven Loss-Reduction Technology

World-class wearable tech helps protect workers in environments where high strain and sprain injury rates are present, like in the wholesale and warehouse industry. The Kinetic Reflex wearable platform detects high risk behaviors and provides data-driven insights to prevent strain & sprain injuries and claims before they happen.

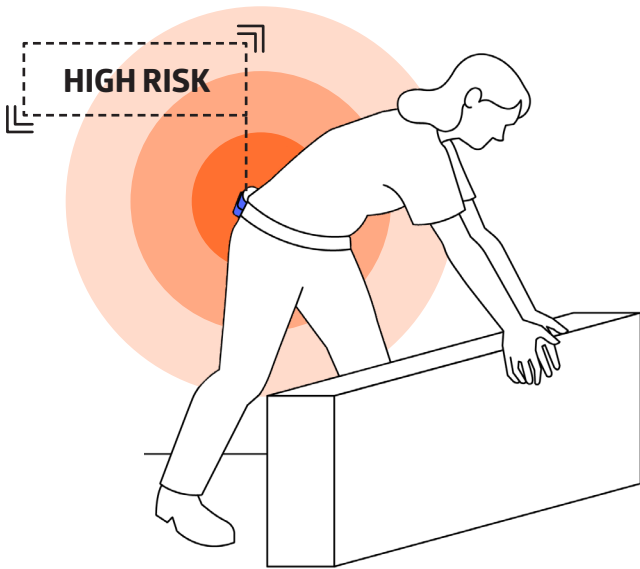

Strain & Sprain Claims are Leading Loss Drivers

Among wholesale and warehouse workers, strain and sprain claims happen 42% of the time and represent 41% of all costs. The strain and sprain cost per claim is higher than the average claim cost for this industry.
